### **Membership**

The Concept of membership is being modified this year to coincide with our *25 year milestone* and the '*retirement*' of *Ray Fields*, writer and producer our popular newsletter. "*many thanks to Ray & his family.*"

Looking to the future we plan to make much more use of *on-line communication*. With this in mind we can visualise a *two tier* concept for membership based on (1) those who simply like to visit us in the car-park during the summer months who we might call *Associate Members*; and (2) *Full Members* who want to be a regular and committed part of what we do and stand for.

### **Car Park Meetings**

Our summer Car Park Meetings, which we all enjoy when the weather is fine! .. are becoming an increasing attraction to others with an interest in motoring. Our aim will be to encourage growth of these occasions and to take email addresses from those who want to be on our mailing list. Growth can be encouraged by an annual poster campaign in super markets and public places, on local radio and the press. We could also designate each month to inviting other different groups to join us.

Already the growth in interest created by these occasions has added around 10 new committed members to *Triumph Appreciation & Friends* and is seen as a way to ensure a bright future for our club.

### **Future Subscriptions**

*Associates*-no cost, *Full Members*- by voluntary donation to cover essentials and enhance our activities.

**Thanks is given** to Ray and the members of his family for all their hard work over the years to produce our *News Letter*. Thanks is also extended to all those who come and support us and especially to those who have assisted in the production of the many memorable times we have had over the past 25 years

**Dave Evennett.** Please note new contact address below. [dave\_evo238@yahoo.co.uk. 07796631336]
